

# CLIMATE ACTION & ADAPTATION PLAN

## ADAPTATION ACTIONS

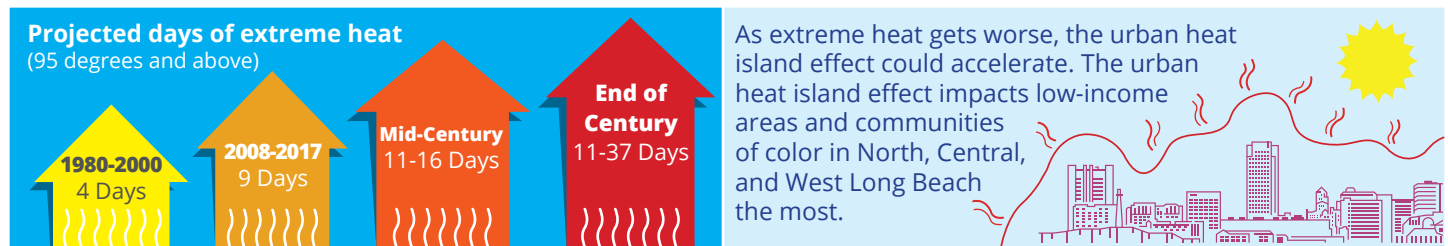

Climate change is here and it's already impacting our health and safety in Long Beach. Join Long Beach residents, businesses, and the City in [taking action](#) for a more [resilient city](#).

## HOW CLIMATE CHANGE WILL IMPACT LONG BEACH

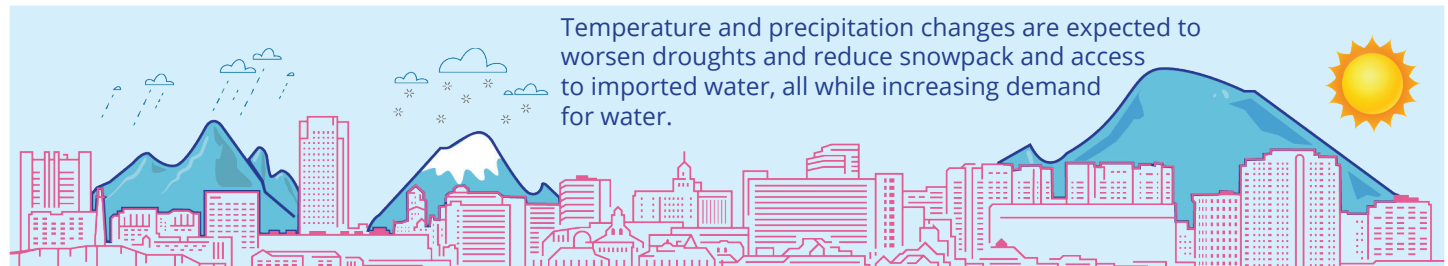

### Rising Temperatures

Rising temperatures are expected to result in more intense heat waves, drought, worsened air quality, and impacts on health and quality of life.

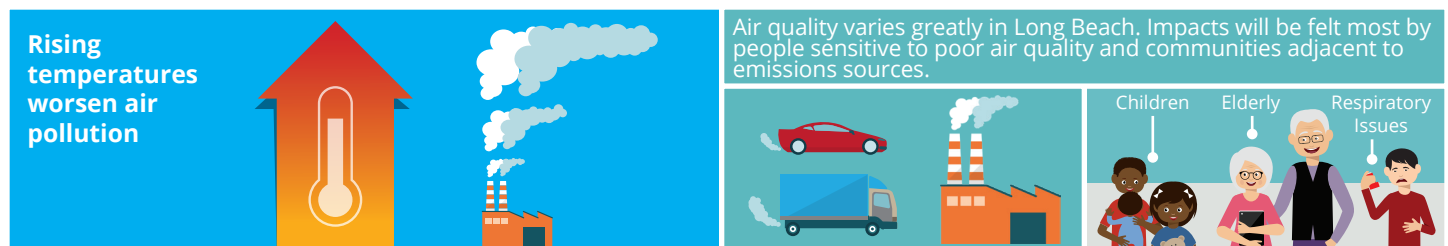

#### Extreme Heat

#### Drought

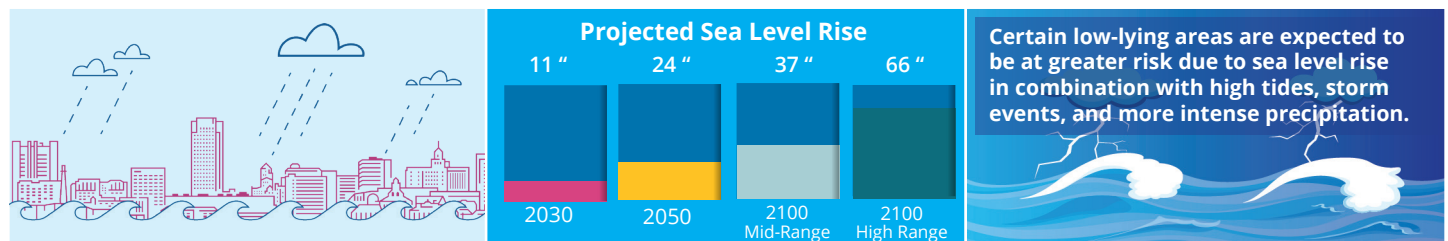

#### Air Quality

#### Sea Level Rise

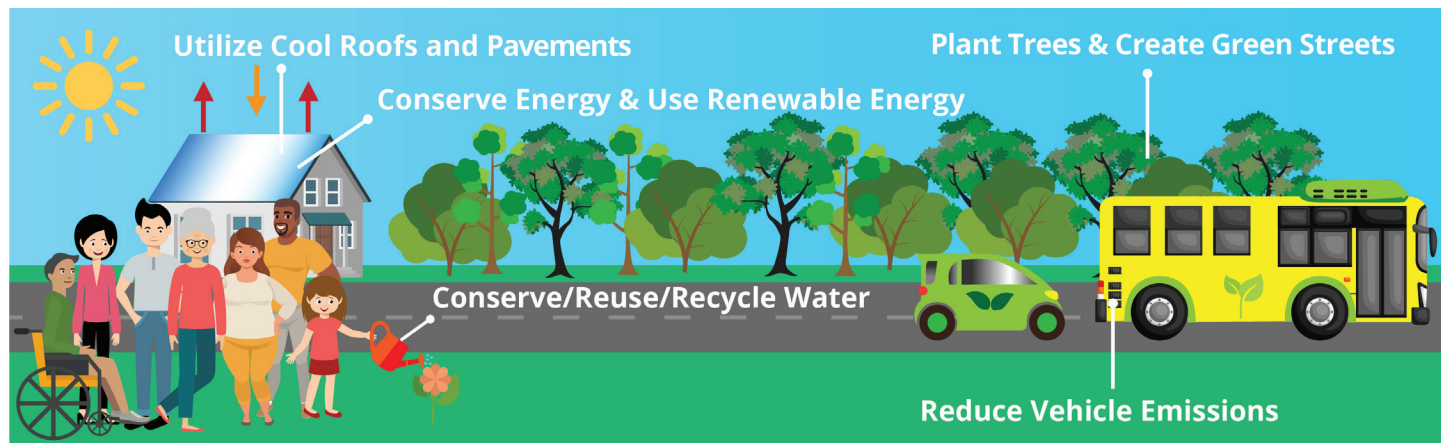

Rising Seas are expected to threaten our shoreline and lead to increased flooding.

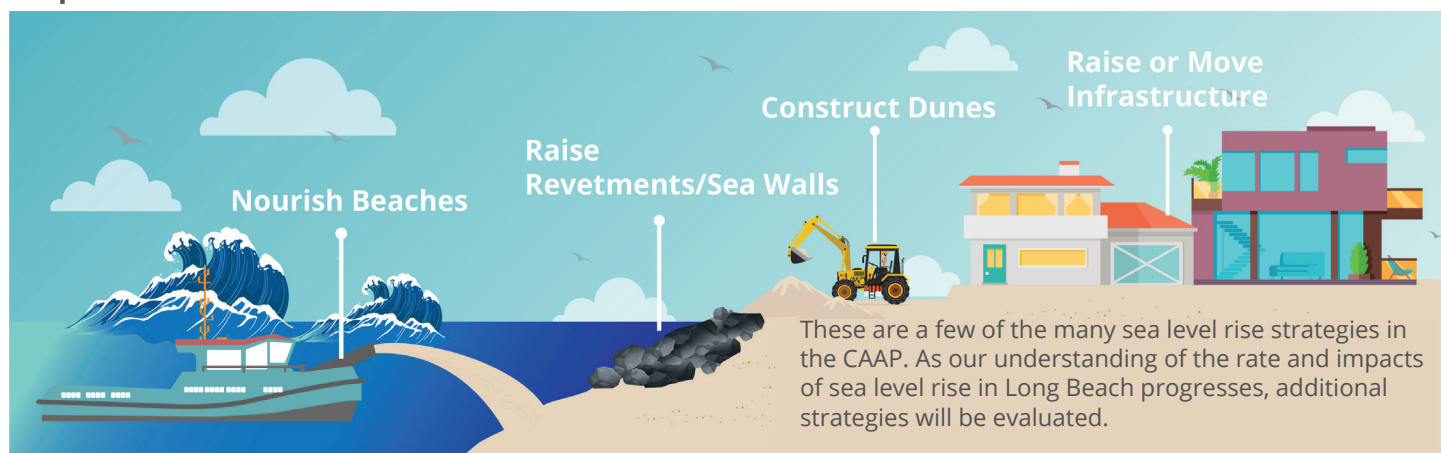

# WHAT WE CAN DO TO ADAPT AND PREPARE OUR COMMUNITIES FOR CLIMATE CHANGE

## Join Us As We Work To

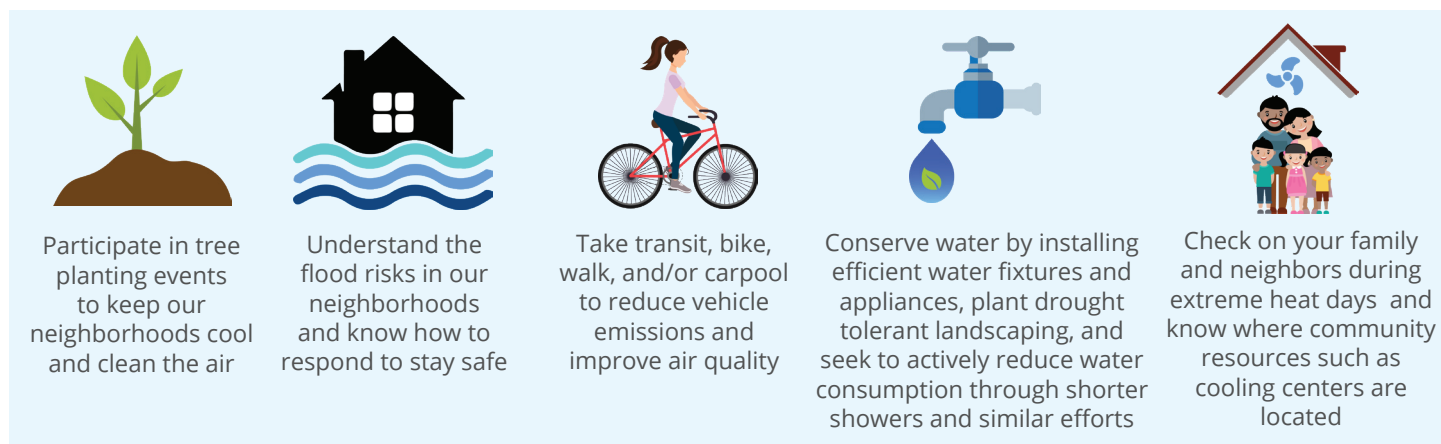

Adapt to Rising Temperatures, and Drought Conditions, and Improve Air Quality

## Prepare for Sea Level Rise

## What We Can Do As Individuals

## SMALL CHANGE BIG IMPACT

These are just a few of the adaptation strategies in the CAAP. Read the full plan and find more information about the City of Long Beach Climate Action and Adaptation Plan (CAAP) at: [www.longbeach.gov/lbds/planning/caap](http://www.longbeach.gov/lbds/planning/caap). Get involved and join the CAAP conversation on social media using #CAAPLB.
